Hello Samantha,

This is correct, Fausto is the first Rottweiler breed in the United States, which has taken part in a ZTP in Germany and has passed.

Kindly regards

Ilona Wagenknecht

Ilona,

I am an ADRK member # ~~30023740~~ and the US owner of Redwood Krest's Fausto. Fausto earned his German Ztp under ADRK Head Breed Warden Paul Fleige on Sunday, December 4, 2005. I have been told that Fausto is the first United States bred Rottweiler to compete for and earn his German Ztp. Is this correct information? Could you please confirm that this information is correct as soon as possible.

Thank you,
Samantha Canuso
